# KYLE AMBRECHT

## Software Engineer

📞 +1 (916) 626-0218  ✉ Kyle.Ambrecht@yahoo.com  📍 Lincoln, CA

## EXPERIENCE

### Software Engineering Intern
**DAST Consulting**

📅 01/2024 - 06/2024  📍 America (Remote)

- Secured diverse financial resources to support students across America, enhancing opportunities for Christ-centered education.
- Collaborated with a team to develop innovative web app tools, demonstrating advanced capabilities to potential business partners and fostering new collaborations. Orchestrated project workflows using Git, Terraform, effectively transitioning projects through test, development, and full production stages. Leveraged Microsoft Azure and CI/CD pipelines to streamline repository deployment, optimizing web app development processes. Engineered applications utilizing Python, HTML, JavaScript, the Django framework, and AWS, delivering robust solutions and improving system performance.
-

### Outside Service Supervisor
**Catta Verdera Country Club**

📅 04/2019 - Present  📍 Lincoln, CA

- Mentored and trained new employees, serving as a go-to expert in my field and providing valuable guidance and support.
- Demonstrated leadership by effectively managing team dynamics and earning the respect and trust of colleagues.
- Consistently executed assigned tasks with precision and dedication, contributing to team success and operational efficiency.
